Veritone's suspect identification solution, IDentify, was recently featured in a

Police Magazine story:

"A lot of people believe that video surveillance tools and evidentiary video systems like in-car and body-worn cameras have made the jobs of law enforcement investigators much easier. But the truth is that even when individuals are caught on camera at the scene of a crime, investigators still have their work cut out for them to identify suspects and connect them to the crime.

Veritone IDentify—can make this task much easier."
